Soft telepresence as an incarnation of pain.

Avner Peled.

2018

Abstract

This is a simple pandoc demo document - try it on your own.

Contents

Inroduction

This is a small introduction. It is automatically included in the table of contents. Furthermore we can do some bullet points:

- First topic
- Second topic

Formulas

It also works withou formulas[1], but they are simple to use, and they look very beautiful.

$$m = \frac{m_0}{\sqrt{1 - \frac{v^2}{c^2}}}$$

Tables

Tables are also possible. And they look awesome.

Bezeichnung	Min.	Max.	Einheit	Messverfahren
Zylinderhub	0.00	1000.00	mm	Rope
Cylinderforce	-1150.00	1150.00	kN	DMS
Oil	0.01	0.05	per m	Ultrasonic
Pump	0.00	300.00	bar	Pressure sensor
Pressure	0.00	300.00	bar	Pressure sensor

Definitions

It is obvious that defnitions are good (Ahmed 2014). Yeah they are (Ahmed 2014) Lets make some simple definitions - and of course, these can occur everywhere in the document.

Triangle A plane figure that has three straight bounding sides. There are also triagles with a 90 degree angle: $c = \sqrt{a^2 + b^2}$
Quadrilateral A plane figure that has four straight bounding sides.
Square A rhombus that is a rectangle.

---

[1]You dont have to use them if you don't want to.
